I think this kind of activities create a great opportunity to learn, exchange opinions, understand facts and new realities. Thank you for everything.

I think that it has been one of the most important experiences of my life. I hope to be able to participate next year in this project.

More things in the school. more interaction at the beginning.

Nice project and idea. Bad organization (we were waiting and doing nothing). Almost no free time for walking, shopping,...etc

It was an amazing experience. I want to do this again, but the communication wasn't easy.
